

ENVIRONMENTAL POLICY

Buckby Contracting is committed to undertaking its business in a manner that recognises the importance of environmental protection and sustainability.

Buckby Contracting recognises it has a responsibility for protection of the environment and strives to lead by example, promoting industry best practise and driving sustainable outcomes in all our operations to prevent pollution.

Buckby Contracting is dedicated to ensuring compliance with relevant legislation, ISO 14001, Codes of Practice, statutory regulations and other obligations.

Buckby Contracting will accomplish this high standard of performance by:

- Promoting continuous improvement through the introduction of proactive, clear objectives and targets aimed at the reduction of all environment impacts in the workplace. Objectives and targets will be set and reviewed annually;
- Developing, reviewing, monitoring and continually improving various procedures to minimise risk already in place;
- Educating and promoting our environmental commitments to all of our employees, contractors and stakeholders;
- Providing employees with the right training and tools in order to implement our values and principles and effectively communicating our environmental management strategies to promote overall environmental awareness on all levels;
- Minimise waste, implement recycling and re-use practices;
- Identifying and establishing solutions for all relevant environmental concerns, sharing relevant information and contributing to the development of sound solutions; and
- Reviewing this policy annually to ensure it remains relevant and appropriate to the company and in doing so assess feedback from clients with a view to systematically and continually improve company performance.
- Considering environmental issues in all business strategies and initiatives

Senior Management are committed to ensure that protection of the environment is firmly embedded in both the company's and all employees culture and will endeavor to influence its suppliers and customers in a similar strategic environmental manner.

This policy will be communicated to all staff, contractors, suppliers and any other interested parties.
